Does this site attract illegal dumping? Yes No

RUBBISH SUMMARY:

of full clean up bags collected at your site # of clean up bags opened and counted for Part 2 - Rubbish survey

QUICK COUNT OF PRIORITY ITEMS

ITEM	#
Face masks	
Soft plastics (scrunchable)	
Plastic beverage bottles (single use)	
Aluminium beverage cans	
Takeaway coffee cups	
Takeaway food containers	
Plates/cutlery/utensils (single use)	
Straws	
Cigarette butts	
Batteries	
Nangs (nitrous oxide cannisters)	
Vapes (e-cigarettes)	

Any interesting or unusual items: _____

Most significant change: _____

PART 2 - RUBBISH SURVEY

This section of the form is optional. The collection of this information enables us to access valuable statistical data from activities nationally and forms the basis of our annual Rubbish Report. Data is also shared with state & federal agencies such as the CSIRO to assist with litter mapping. Please read the instructions below before starting the survey.

- This survey requires you to identify and count a proportion of the rubbish collected at your Site and record the results.
- To make the job easier, we recommend working with a buddy.
- Where your volunteers have separated recyclable items from rubbish items into different bags, please capture a representative sample from both types of bags e.g. if your volunteers have collected 10 bags of non-recyclable rubbish and 5 bags of recyclable rubbish, count items from 2 of the white non-recyclable bags and 1 of the yellow recyclable bags.
- We suggest you count the rubbish from one in five bags. E.g. if you have collected 10 bags in total, please count items from two of these bags.
- Please include a numerical value (only) in the TOTAL column.
- Thank you for taking the time to complete this report. Your feedback helps Clean Up Australia influence decision making by government and business to reduce the amount of rubbish entering our precious environment.

Rubbish Type	# of items (tally marks)	TOTAL	Tick if you recycled these items
EXAMPLE: chip & confectionery wrappers		4	✓
PLASTICS			
Soft plastics (scrunchable)			
Chip, confectionery & ice-cream wrappers			
Other food wrapping e.g. bread, biscuits
