- Park
- Public Bushland
- River/Creek
- Roadside
- School Grounds/Campus
- Shop/Malls
- Other (please specify) _____

VOLUNTEERS

Number of volunteers incl. Site Supervisor: _____

YOUR CLEAN UP EVENT

Did an accident occur at your site? Yes No

If yes, please complete and return an Accident/Incident Report form to Clean Up Australia

LITTER SUMMARY

of full clean up bags collected at your site # of clean up bags opened and counted for Part 2

QUICK COUNT

Count the priority items from one bag of general litter and one bag of recycling and record. If your litter is commingled, please only count one bag.

ITEM	#
Aluminium drink cans, e.g. soft drink, beer	
Balloons	
Batteries	
Cigarette butts	
Glass beverage bottles (single use)	
Glass wine bottles	
Plastic bags - food, retail, garbage	
Plastic drink bottles	
Plastic straws	
Plastic takeaway food containers, plates, cutlery, utensils (single use)	
Polystyrene takeaway food containers	
Soft plastics, e.g. chip packets, food wrappers	
Takeaway coffee cups	
Vapes (e-cigarettes)	

Any interesting or unusual items:

Does this site attract illegal dumping? Yes No

PART 2 - LITTER SURVEY

The collection of this information enables us to access valuable statistical data from activities nationally and forms the basis of our annual Litter Report. Data is also shared with State & Federal agencies such as the CSIRO to assist with litter mapping. Please read the instructions below before starting the survey.

- This survey requires you to identify and count a proportion of the litter collected at your Site and record the results.
- To make the job easier, we recommend working with a buddy.
- Where your volunteers have separated recyclable items from litter items into different bags, please capture a representative sample from both types of bags e.g. if your volunteers have collected 10 bags of non-recyclable litter and 5 bags of recyclable litter, count items from 2 of the bags of non-recyclables and 1 of the bags of recyclables.
- We suggest you count the litter from one in five bags. E.g. if you have collected 10 bags in total, please count items from two of these bags.
- Please include a numerical value (only) in the TOTAL column.
- Thank you for taking the time to complete this report. Your feedback helps Clean Up Australia influence decision making by government and business to reduce the amount of litter entering our precious environment.

Litter Type	# of items (tally marks)	TOTAL (numbers only)
EXAMPLE: chip & confectionery wrappers		4
PLASTICS		
Hard Plastic		
Buckets/crates		
Bottle caps/lids		
Lollipop sticks/earbuds		
Plastic beverage bottles (single use)		
Other plastic bottles		
Plastic fragments >5mm		
Nurdles/microplastics <5mm		
Packing straps/cable ties		
Plastic straws		
PVC pipes
